County Councillors Report

- Cllr Purcell has a meeting with the Highways Department on 11th July, but it was resolved that the Clerk write to Angie Ridgwell, the Chief Executive of Lancashire County Council to raise a complaint about the number of outstanding issues and the amount of time the Parish Council is waiting for resolution on matters raised with them.
- The sinking of Cotton Tree Lane was raised again. There have been remedial repairs where the worst bits of the sinking road have been filled with tarmac, but it appears to be sinking again already. Cllr Hodgson has spoken to the contractors for United Utilities who advise that the culvert that runs under this road is not draining water from the Rough, but from Standroyd Drive and the terraces behind Keighley Road. They confirm that there has been an issue which has caused erosion underneath the road. A tube has been put down the faulty drain and blown up to resolve the issue. There is another section that needs to same treatment in order to repair the issues.
- Cllr Purcell confirmed that the tarmacked pavement is a temporary repair and the paving slabs will be re-installed.
- No progress has been made on the suggestion of using land at Trawden Road for additional parking, the Aisled Barn at Wycoller, the wall at Spring Garden Villas, the leaking trough at Gladstone Terrace, the double yellow lines at Hollin Hall, the egress at Boulsworth Drive and the parking issues at the top of Church Street. The Clerk confirmed that she had received information that the debris from the fallen parts of wall on Coal Pit Lane have been removed and Lancashire County Council are investigating who the walls belong to so that they can be repaired by the owner.
- Cllr Purcell advised that Phil Durnell has now retired and his replacement has commenced the role.

Borough Councillors Update/ Colne and District Committee

Cllr S Cockburn-Price was unable to attend the meeting.

Community Centre Trustees update

The Chair of Trustees gave a written report to the Clerk which included; Dave Webber was elected as Vice Chair of trustees; Library booking out system trial is ongoing, the library now closes at 5pm on weekdays, 4pm on Saturdays and 3pm on Sundays. This was done mainly to counter anti-social behaviour but also based on the observation that very few genuine library users come in at those times. Shop volunteers will allow access

after those times should a customer wish to return to look for books, the kitchen in the library and shop building is now only open to volunteers and staff members. This is for food hygiene reasons. Cups for use in the library are now kept by the coffee machine in the shop; the Keeping East Lancashire in the Picture project being run by Lancashire Records Office is going to digitise the photos of old Trawden that are held in the library. Gillian Greenwood may also be involved; trustees have approved expenditure to improve the data cabling onsite. This should hopefully result in better internet access across the site; a beer and music festival is being held at the community centre on 12th - 14th July. There will be an outdoor acoustic stage during the day; the groundworks to the rear of the library/shop have been completed and look great.
