

Printer information

Hi Adele,

As discussed on the telephone we have a used machine that we provided new 3 years since to a client. it has been in an architects office with just a small number of staff so volume is low at 53k total, on a machine that is built to do circa 800k.

We can guarantee part availability for another 8 to 10 years comfortably so you have no future worries.

Please find the attached brochure and details and price below.
